

Keeping Kids Warm

Utica, New York

- Watson Williams Elementary School was blessed to have a program called Keeping Kids Warm donate jackets, gloves, scarves, mittens, and school supplies to our students.

- This program was generous enough to have each student in our school choose their own jackets, which came with matching accessories.

- The following photographs are of some of our kindergarten, first, second, third, and fourth grade classes receiving their gifts.

Thank you!

- Our students were touched to be honored by the Keeping Kids Warm program. Your compassion and warmth was truly appreciated. We will never forget your generosity!
